

## Exam Success at The Forest Academy

The Forest Academy is delighted to share a summer of success in GCSE qualifications!

Students achieved exceptionally well, with many students recording high grades across all of their qualifications and a record number expected to take up their places at Beal Sixth Form.

Principal Lewis Ansell said, "Achieving these grades across such a wide range of qualifications is a real achievement - the students should be very proud of themselves! They fully deserve their success and we look forward to welcoming them back to Beal Sixth Form in September."

Students collecting their results on Thursday were thrilled to have achieved the grades needed to study their chosen courses and were also inspired by some of the amazing A Level and BTEC results obtained by the Sixth Formers just last week.

Top performers included:

From left to right – Layla Jackson, Raidah Alam, Gabriella Cas, Yara Islam and Rafeh Shahid.

Layla Jackson – who achieved 6 grades at 7 and above including grade 9s in Spanish and History is looking to study History, Spanish and Sociology next year

Raidah Alam – with 9s in Science and History and 8s in English and Maths, she hopes to study English Literature, Psychology and History

Gabriella Cas - with 9s in English, History and Sciences and 8s in Maths and French, she hopes to study Biology, Chemistry and Maths

Yara Islam – achieved grades 7 and above across English, Maths, Science and History and will be studying Economics, Business and Psychology

Rafeh Sharma – also achieved grade 7s across English, Maths and Science and will be studying Business, Economics and Maths at Beal Sixth Form from September
